## Math & Science Partnership of Greater Philadelphia

A Project of the National Science Foundation

### Our commitment to recruitment

The MSPGP Recruitment team is dedicated to connecting pre-service teachers with our partner school districts. There are two primary ways we will achieve this goal:

*I Disseminating Information* - This list will be circulated periodically to our 13 institutions of higher education where some of our region's best and brightest pre-service teachers are being trained.

*II Recruitment Team Events* - Beyond dissemination, we encourage pre-service teachers to become involved in recruitment team activities. Participants will have an opportunity to meet and network with teachers and administrators within our school districts.

<u>School District</u>	<u>Teaching Position</u>	<u>Subject</u>	<u>Grades</u>	<u>Comments</u>	<u>Posted</u>	<u>Contact Information</u>
Colonial	Plymouth Whitemarsh High School	Math	9-11	Mathematics Teacher - Full Time, contract position; teaching Integrated Math; PA teacher certification required in Mathematics 7- 12; interested candidates must complete PAREAP application and send letter of interest and the following copies of documents: resume, Child Abuse Clearance, Criminial Background Clearance, transcripts, 3 letters of recommendation, and praxis scores mail to Colonial School District, "Math Teacher Search", 230 Flourtown Road, Plymouth Meeting, PA 19462.
